Question #1: I am assuming that we should include costs for the closure request and well abandonment even though the WDNR may not request them at the end of sampling. Is it fair to assume this?

Answer: Yes

Question #2: Has a formal closure request ever been submitted?

Answer: No

Question #3: The bid says quarterly sampling in one place and semi-annual in another, which is required?

Answer: Quarterly, with DNR approval of start month.

Additional Information not available when bid document was written: Free product was measured in wells MW-1 and MW-13 in Feb. 07 and June 07.

Response: In MW-1, thicknesses were 0.28 ft. (2/07) and 0.01 (6/07). In MW-13, thicknesses were (0.166) both months.
